

MRS. ROTH'S GRADE 2 NEWS

December 2019

- Alexa, Stella, and Macy were our Star Students!
- We practiced and performed our winter concert for our families.
- We participated in the Hour of Code! It was fun to learn new technological skills!
- We had a send-off assembly for our custodian Mr. Al. He was a special part of Sunrise, and we will miss him!
- We rode on the Polar Express!
- We did lots of fun holiday things! We made elves, decorated Christmas gifts for our parents, played a snowman race, watched a holiday video, enjoyed some snacks, and did holiday Mad Libs.
- For December Number Corner we learned how to take and ad-

minister surveys. We also studied shapes and lines of symmetry.

- We finished Unit 3 in our Bridges math program. We focused on the base ten system and two digit subtraction on a number line.
- In science we continued learning about the human body with Mrs. Van Eperen.
- We learned that authors use dialogue to show how characters communicate with each other.
- We practiced finding descriptive words in books that we are reading, and we are beginning to try to use these types of words in our writing.

•We continued practicing our high frequency words.

•We learned about and found examples of nouns, verbs, and adjectives.

Upcoming Events

Fri Jan 10	2:00 Release
	Board Game Day
Fri Jan 24	Noon Release

IMPORTANT NOTES FROM MRS. ROTH

- Please make sure to send clothes that are appropriate for the weather. I strongly suggest that you clearly label all items (and maybe take out an insurance policy on them—just kidding) since hats and mittens are constantly getting misplaced.
- Thank you to all of our generous families that brought in snacks for our holiday party! We have another party coming up for Valentine's Day!
